Mr. Rick

Johnstown Rifle and Pistol Club

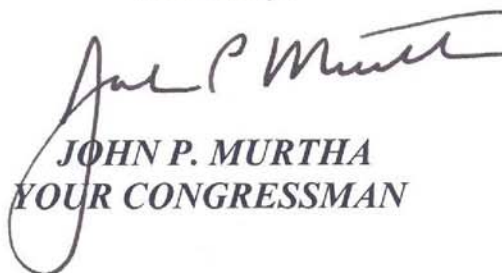

Dear Mr.

I appreciate your recent letter expressing your continued concern that handguns aren't permitted in our national parks. Your letter reminded me that I haven't received a reply to the inquiry I sent in January.

I certainly feel I allowed sufficient time for a response and I don't want this delayed any longer. I've, therefore, sent another inquiry to NPS' Director urging an expeditious resolution and I'll let you know what I find out.

Please let me know if you have any questions before I have a chance to get back to you.

Sincerely,

JOHN P. MURTHA
YOUR CONGRESSMAN
