I apologize for such a delayed response. I will take a look at this as soon as I can. Things have been rather lively since we have come back in session. Thank you for your persistence and patience on this.

Chris,

I'm following up on my last email, and voice message. I would really like Congressman Davis's help getting the VCDL petition for rule making to amend CFR 36, Regulation 2.4 approved and published in the next federal register. The Department of the Interior has had this petition "in the Solicitor's Office" for just shy of 10 months now and there is no excuse for further delay or stonewalling. Repeated attempts to speed the petition along from both citizens and Congressional supporters have resulted in the same "Taylor-Goodrich" letter response since February of 2005.

The co-petitioners and I need Congressman Davis's help to get DOI to have VCDL's amended regulation published in the next federal register without further stonewalling. Please contact me as time permits.

Best regards,

David *****
